NVIDIA Inception

The Mobile Robot Company blev optaget i **NVIDIA Inception**-programmet i november 2025. NVIDIA Inception giver startups adgang til avanceret teknologi, ekspertise og ressourcer til markedsintroduktion.

Hvorfor det er vigtigt for virksomheden

Adgang til NVIDIA's AI-økosystem og tekniske support kan fremskynde udviklingen af intelligente mobile robotløsninger og skalerbar automatisering af lager- og logistikprocesser. Samarbejdet har både praktisk og strategisk betydning: [J1600](https://info.mobilerobot.com/da-dk/products/j1600/overview/) (<https://info.mobilerobot.com/da-dk/products/j1600/overview/>) kører sin [3D LiDAR SLAM-navigation](https://info.mobilerobot.com/da-dk/products/j1600/navigation-and-obstacle-avoidance/) (<https://info.mobilerobot.com/da-dk/products/j1600/navigation-and-obstacle-avoidance/>) på en industriel NVIDIA Jetson AI-computer — se de [tekniske specifikationer](https://info.mobilerobot.com/da-dk/products/j1600/technical-specifications/) (<https://info.mobilerobot.com/da-dk/products/j1600/technical-specifications/>).

Tidslinje

Medlemskabet blev [annonceret i november 2025](https://info.mobilerobot.com/da-dk/newsroom/press-releases/funding-and-collaborations/) (<https://info.mobilerobot.com/da-dk/newsroom/press-releases/funding-and-collaborations/>), samme måned som virksomheden kom på [The Robot Reports liste over 100 robotstartups, man bør holde øje med](https://info.mobilerobot.com/da-dk/newsroom/awards/startup-recognition/) (<https://info.mobilerobot.com/da-dk/newsroom/awards/startup-recognition/>), og kort efter J1600's [registrerede markeds lancering](https://info.mobilerobot.com/da-dk/company/history/product-launch-timeline/) (<https://info.mobilerobot.com/da-dk/company/history/product-launch-timeline/>) den 20. oktober 2025.
